*Requirement*

Approved For Release 2000/08/17 : CIA-RDP61S00527A000100020157-2

Chief, St/I

26 June 1956

Chief, S/OM

Request for Information -- Meeting on "The Present Trend of the Technical Development of Automation and the Rate of Its Progress in the United States and in the USSR"

REFERENCE: Organization for European Economic Co-Operation, European Productivity Agency, Paris, 26 April 1956, PRA (55) 69 (1st Revision), Scale 3 "Productivity and Applied Research Committee Notification of Project, Conference on Automation (E.P.A. Project No. 360)"

Background

According to the referenced document, OEEC is planning a conference, in which the effects of automation on technological, economic, administrative (business management), social and trade-union interests will be considered. Though no date has, thus far, been fixed, the tentative program provides for the following meeting in the afternoon of the second day:

Statement on "The present trend of the technical development of automation and the rate of its progress in the United States and in the U.S.S.R."  
Presentation and discussion of case studies.

Requirement

1. Let us have the report on the discussion and any other document relative to it.
2. Let us have a copy of each case study presented.

Degree of Need: Standard 25X1A9a  
Originator: [REDACTED] S/OM  
Suggested Sources: OEEC, European Productivity Agency, Paris (France)

25X1A5a1 [REDACTED]

I know the chief,

25X1A9a  
[REDACTED]
